

# Bethany Life Group Discussion Questions

---

## June 2, 2019 – “Blessed Are the Pure in Heart”

### Get to Know You Questions

1. Go around the group giving a “high” and a “low” from the week. Take time to pray over specific needs that come up.

### Going Deeper Questions

2. The sermon talked about the messages about sexuality that formed us, likely a combination of our community growing up and the messages from culture. What messages shaped you growing up that either helped or hindered you in walking in purity and healthy sexuality?
3. In thinking through what in our lives needs to be “cut off” for the sake of holiness, how does a believer determine how much they need to cut off or remove from their life? How could a person go too far with this idea?
4. The sermon advocated that growing in affection for God is more powerful than anything else in giving victory over sin. What are practical ways for a person battling lust to cultivate deeper love for God? What are challenges or hindrances to growing in this?

### Application Questions

5. If there is time, have the men and women split for the last portion of the meeting and talk with each other about where they are at in their personal purity. Spend time praying for one another, and if necessary, talk about how to support each other throughout the week.
